Education

Indian Institute of Information Technology, Gwalior

Integrated B.Tech + M.Tech in Information Technology

May 2025

CGPA: 8.2

Experience

Software Engineer | Coinbase

Full Time | [Homepage](#) | 130M+ Users

June 2025 – Present

Bangalore, India; Remote

- Led frontend architecture and global rollout of Unified Onboarding across **React**, **React Native**, replacing legacy onboarding with a plugin-based system supporting **12+** money movement flows for **100M+** users.
- Improved onboarding performance by **70%**, reducing first paint load time from **7s to 2s** and bundle size by **12%**, accelerated feature launches from weeks to days via Hybrid Manager built with **Go**, **gRPC** and **GraphQL**.
- Authored **36 reusable plugin contracts** and built a configurable onboarding orchestrator adopted by **5+ product groups**, resolved **20+ critical issues** and increased internal design system adoption to **98%**.
- Drove onboarding and gateway client migration across **25+ consumer services** spanning payments, compliance, wallet, and institutional systems through cross repository implementation, reviews, and end-to-end delivery ownership.
- Led onboarding service migration and legacy decommissioning through four production-shadowed deployments, improving service IDP quality from **78.9% to 95%+** using **Datadog**, **Amplitude**, and **Bugsnag**.

Software Engineer | KoinX

Internship | [Homepage](#) | 1.5M+ Users

August 2024 – May 2025

Bhubaneswar, India; Remote

- Developed advanced reporting and filtering systems for B2B accounting workflows, including category, asset-amount, timezone, and treasury-based drill-downs with **CSV/PDF/Excel** export pipelines.
- Designed and implemented an end-to-end **inter-wallet reconciliation** workflow in **Processor-Service**, optimizing transaction matching, treasury mapping, stablecoin handling, and production-grade error recovery flows.
- Consolidated accounting APIs, database schemas, tax settings, and CRM integrations including **Zoho**, **Stripe**, and exchange-rate synchronization workflows across B2B and B2C financial systems.

Software Engineer | Coinbase

Internship | [Homepage](#) | 130M+ Users

May 2024 – August 2024

Bangalore, India; Remote

- Empowered **10k+** employees by developing a **Chrome extension** for internal LLM access using **React**.
- Streamlined extension data flow by integrating **GraphQL**, **Relay**, and authentication workflows using **Okta**.
- Integrated **Bugsnag** for real-time monitoring and **Snowflake** for analytics within the Chrome extension ecosystem.

Software Engineer | KoinX

Internship | [Homepage](#) | 1.5M+ Users

May 2022 – May 2024

Bhubaneswar, India; Remote

- Empowered **1M+** users by leading development of a scalable frontend architecture using **React.js**.
- Facilitated payments for **10k+** users across India and Australia by integrating **PhonePe** and **Stripe** with **Node.js**.
- Enhanced platform response time by **85%** through efficient caching with **Redis** and robust testing/event workflows using **Chai**, **Mocha**, and **NATS**.

Software Engineer | MuxEmail

Internship | [Homepage](#) | 100k+ Users

Feb 2022 – May 2022

Bangalore, India; Remote

- Integrated triggers with **Salla**, positively impacting **10k+** users across the **Middle East** region.
- Improved regional growth by implementing **internationalization** using **i18next**, **React.js**, and **Redux**.

Technical Skills

Languages: TypeScript, JavaScript, Go, C/C++, Solidity, SQL

Frameworks/Platforms: React.js, React Native, Node.js, Express.js, Next.js, Redux, GraphQL, gRPC, Relay

Databases/Infrastructure: PostgreSQL, MongoDB, Redis, Datadog, Bugsnag, Snowflake, Firebase

Developer Tools: Git, REST APIs, Eppo, Amplitude, Okta, Chai, Mocha, NATS

Achievements

- Achieved Runner-Up in **Smart India Hackathon 2022** and secured top positions in multiple national hackathons, including top 5 in **Razorpay FTX** International Hackathon among **200+** teams.
- Secured Runner-Up positions in **Hack-A-Sol 2.0** conducted by IIIT Naya Raipur and **HackStack** among **600+** registrations, also winning the best team award at IIIT Gwalior.
